

## Directions for Handicapped parking and seating

Please use the **Hayes Lane** gate for dropping off guests using a wheelchair before parking your car. The parking lot on **Webster Street** will be available exclusively for vehicles displaying a handicapped sticker. There is access to handicapped seating at field level down a small flight of stairs. (There is no access to the field for a wheelchair from the parking lot. Guests using wheelchairs should enter at Hayes Gate.) There will be spaces available in front of the bleachers for guests in wheelchairs as well as a chair for **one** attendant.

For guests with limitations for walking, the Fair Street parking lot entrance to the Visitors Bleachers is a good alternative. This side has no stairs, is a gentle uphill ramp, and provides easy access to the top of the bleachers.

To reserve handicapped seating, please call the counseling office at 778-4779.
